

Communication & Language

Listening and Attention / Understanding / Speaking

40/60 months & ELG

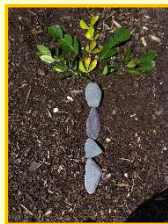

I am learning to ... use talk to share my ideas.

Can we ...?

- + Read my favourite book together.
- + Go on a walk and collect lots of different natural materials.

- + Make a picture from the book using the resources we have collected.

.... it might be

an object

a character

a place

- + Talk about my picture as we are making it.

Please can you ask me some questions about my picture

- o Tell me something special about your picture.
- o Which part of your picture do you like the best? Why?

To help me to get better at my writing, I could ...

- o Write a label for the different things in my picture.
- o Write a simple sentence about my picture.

Top tips to help me learn ...

- ⇒ Encourage me to collect lots of **different** resources and **name** them.
- ⇒ Ask me questions that start with how, what and why, to develop my thinking / ideas.
- ⇒ Encourage me to say my sentence before I write it. You might need to remind me to use a full stop and a capital letter.
- ⇒ **Celebrate my learning**, tell me what you like and why.
